

Lovin' from the Oven

Ronald McDonald
House Charities®
Northern NSW

Many of the families who come to stay at Ronald McDonald House have dropped everything to rush to John Hunter Children's Hospital so their seriously sick child can get the immediate help they need.

Lovin' from the Oven

HOW DOES IT WORK?

Ronald McDonald House Newcastle continually strives to make a positive impact on the health and wellbeing of children with illness and disability, and their families – this includes providing a safe and supportive home for families and a nourishing, home cooked meal that is appreciated by parents and carers after a long day spent beside their child's hospital bed.

For 365 nights a year, over 600 families will sleep under the roof we've provided at Ronald McDonald House, Newcastle. We created this space so we can keep families together while their seriously ill child gets the vital medical treatment they need. They spend hours every day beside their child's bed, which can be a very stressful experience.

Providing families with home-cooked food that is comforting and nourishing can help take some of the stress away and give families a much-needed break. Lovin' from the Oven is an opportunity to come into the House and prepare baked treats that can help make their day a little brighter.

We find that long after the cake is gone, the memory of your contribution, the laughter of the kids and their siblings enjoying one of their favourite foods and the sweet smells can help bring a smile to the family's faces.

THE BENEFITS FOR YOUR TEAM

Baking treats through Lovin' from the Oven for families at Ronald McDonald House is an unforgettable team-building experience, that demonstrates your organisation's commitment to corporate social responsibility in a meaningful way.

Bring your brand values to life by aligning your organisation with a leading children's charity that understands the importance of providing centred family care, and drive greater employee engagement by inspiring staff, building morale and encouraging creativity.

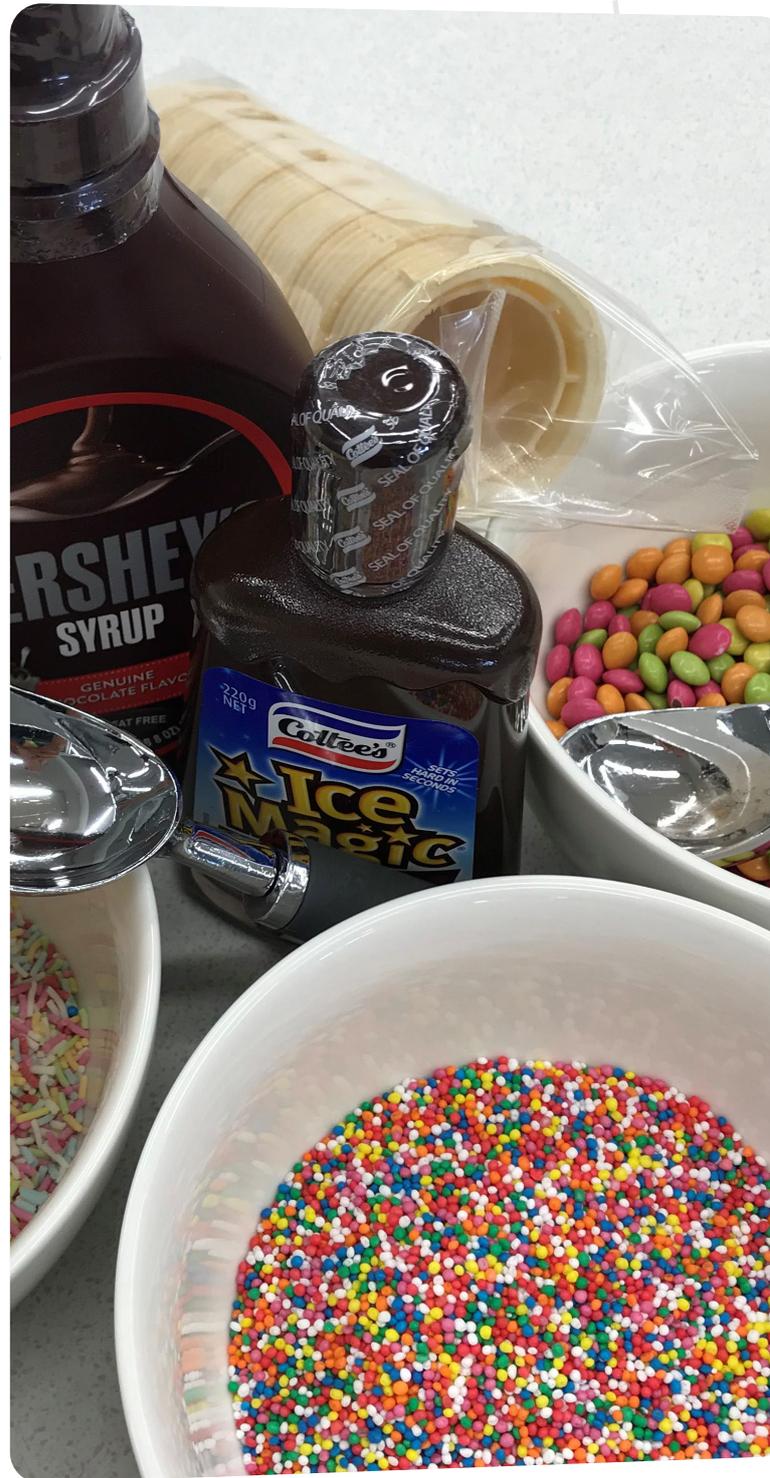

WHAT CAN YOU COOK?

Whatever you like! Parents staying at the House spend long hours in the hospital. Often, the last thing they feel like doing is cooking for themselves and their family. Your Lovin' from the Oven makes life a little bit easier and gives families a much-needed break.

It's also a chance to have a bit of fun with your creations.

Do you have a favourite cake recipe that has been handed down through generations? Do you have some fun slice or cupcake ideas that are great for the kids? Slices, cookies, cakes

and muffins are great options, as they are easy to store and the families can help themselves throughout the day when they sit down for a break, quick snack and a cuppa.

THE IMPACT YOU'LL MAKE

Providing simple home-cooked food makes an incredible difference for all of the families that stay at Ronald McDonald House.

Every year we welcome over 600 families into the Newcastle House, providing accommodation and support for travelling families so their child can receive medical treatment close by.

We further support families through our Family Rooms located in the John Hunter Children's Hospital, providing a much-needed place for families to take a break from the ward. Our Learning Program offers tutoring and educational liaison for children that have missed substantial schooling because of their medical condition. Our Holiday Retreat at Forster gives families the chance to take a well-deserved break and reconnect.

Ronald McDonald House Newcastle is an independent charity that relies on community support and fundraising to deliver our mission to provide quality family centred care to hundreds of families every year.

Your time and contribution will help keep families together at a time when they need it the most.

"Thank you for the warm treats from your warm hearts. When things get turned upside down it is so nice to have a meal cooked for you. Thanks"
– Karlie & Andy

HOW DO YOU SIGN UP?
